

PRESS RELEASE

Westfield Annapolis Entrance to Obtain Facelift from The Stone Store and StoneScapes & Design

September 2, 2011 - Hanover, Maryland – A popular entrance at Westfield Annapolis mall is about to receive a monumental enhancement. The Stone Store and StoneScapes & Design have entered into a tenant agreement with Westfield Annapolis to create an outdoor hardscape display. The Stone Store and StoneScapes & Design will be leasing the entrance between The Cheesecake Factory and California Pizza Kitchen to create this outdoor living space. “Westfield Annapolis is pleased to bring original and vibrant concepts to our existing tenant mix. The addition of The Stone Store will continue to beautify one of our busiest entrances and enhance the shopping experience by providing a unique state-of-the-art customer amenity,” stated Scott deGraffenreid / Director, Partnership Marketing / Westfield Corporation.

The 750 square foot outdoor display area will consist of over thirty-five different products supplied by The Stone Store and two Stone Store vendors – Techo-Bloc and Eldorado Stone. There will be a seating area in addition to a fire pit, basalt water features, a wood pergola, natural boulders, a planting area, and outdoor lighting accents. StoneScapes & Design will handle the entire installation and design. “We’re excited to be a part of this adventure,” said Kim Himmel-Morris, Vice President of The Stone Store and StoneScapes & Design, “with the growing trend towards outdoor living this gives us a chance to showcase our product to Annapolis area customers while at the same time contributing toward the beautification of Westfield Annapolis.”

“Weather provided, construction will commence on Tuesday, September 6, 2011 with plans for everything to be completed the week of September 12, 2011,” commented Tom Morris, President StoneScapes & Design. The new and improved mall entrance will be unveiled at the Grand Opening scheduled for September 17 and September 18, 2011 from 10 am to 6 pm. The entrance will be open during mall hours but customers are encouraged to stop by for refreshments during the Grand Opening where there will also be an opportunity to discuss Outdoor Living with representatives from The Stone Store and StoneScapes & Design.

About The Stone Store

The Stone Store provides the largest and most unique selection of natural stone and earth products in the Maryland, DC, and Northern Virginia area.
